

THE EXPERIENCE OF A LIFETIME

The Tanner and Beamer trails are for hikers with intermediate to advanced skills, and a head for heights. The Tanner Trail follows a very different type of trail into the inner canyon, where we receive expansive views and a wide open feeling as we descend lower. This trail is steep and challenging! Once we reach our beach campground along the Colorado, our trip is only halfway complete-rise to the occasion and dayhike with us the extra 19 miles roundtrip to the unbelievable beauty of the confluence of the Colorado and Little Colorado Rivers. This unforgettable trip will challenge you, but you'll remember it forever!
